

MUSTANG

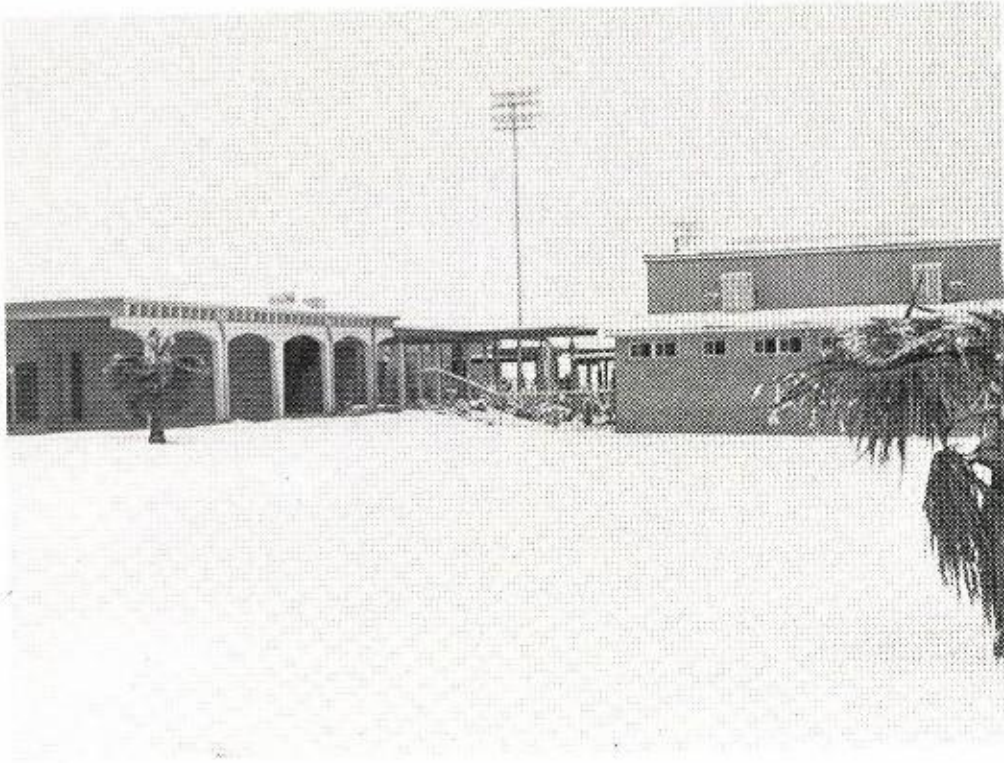

Today we hear much about what's wrong with the world, the school, parents and teenagers and we're continually under pressures at school and home. Sometimes it is hard to realize that these years will be remembered, hopefully, as representing some of the most fun and happiness we'll have. To make this thought more positive, this year's Sahuarita annual is dedicated to "Happiness". We hope you'll agree that "Happiness is. . . the 1972 Mustang yearbook."

Happiness Is . . .

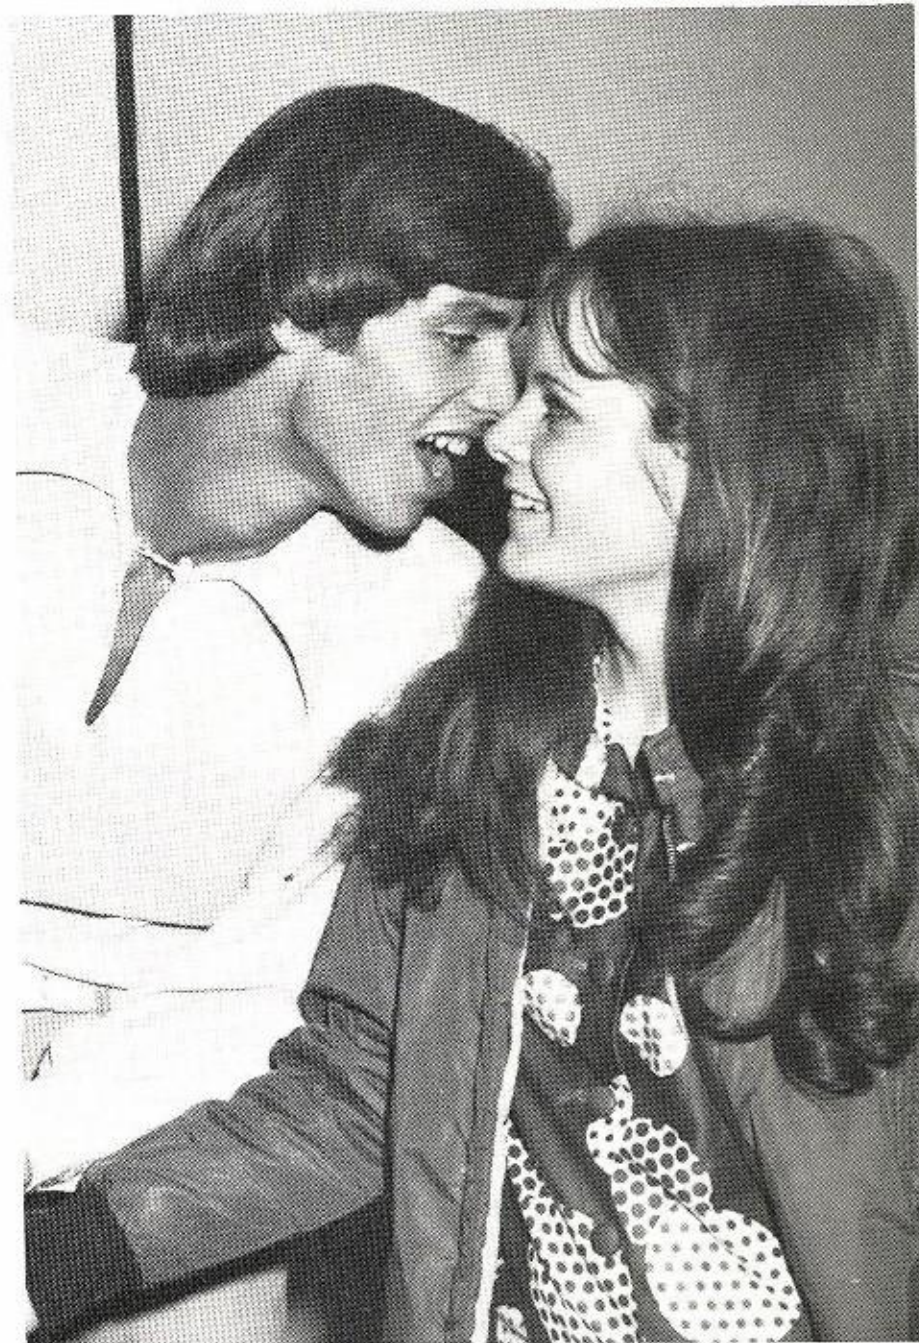

... missing a day of school because of snow.

The theme of our 1972 Yearbook is happiness.

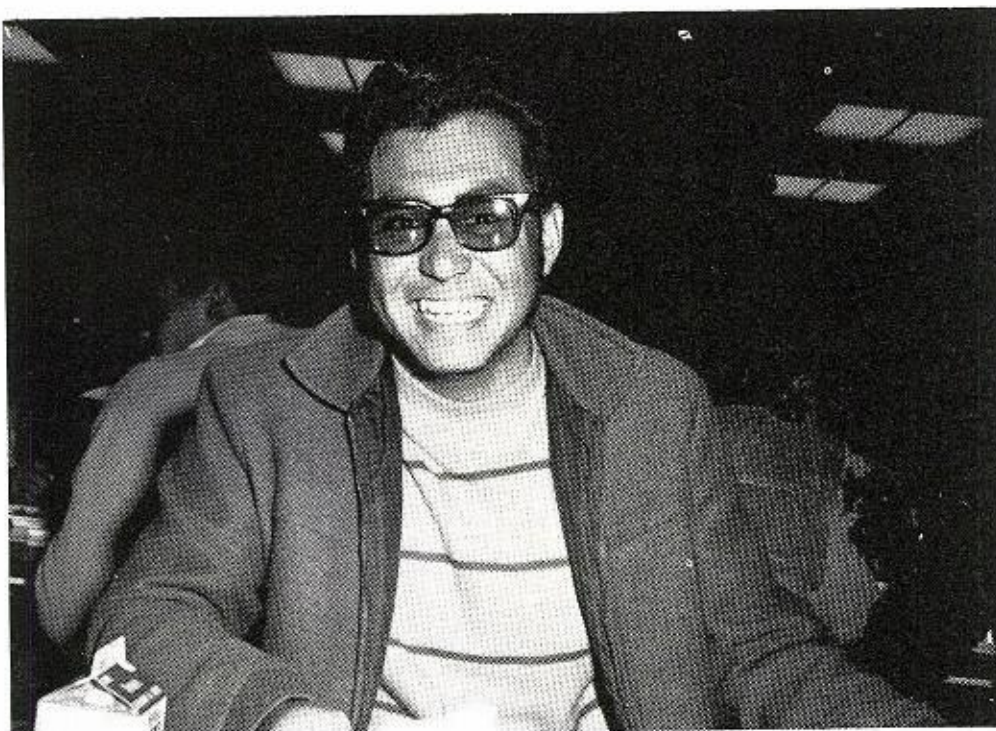

Happiness is a personal sensation, an emotion which is unique to the individual experiencing it. If one attempts to analyze what it is that makes him happy, he discovers it is directly related to his own values, for those things which are most worthwhile to him also bring him the greatest pleasure. Furthermore, it is these same ideals which determine the significance of one's life and the expectations he makes of himself. Happiness is the achievement of a goal with still another in sight—just beyond grasp.

... a funny face.

... seeing eye to eye on things.

... lunch at school?

As the Mustangs struggled in their last game of the 1971 season against Florence, 13 seniors realized they were playing their last game for S.H.S. These seniors had sacrificed many evenings out on the field during practice, doing their best to make our team a success.

Whether these boys continue to play football after graduation or not, we wish them the best of luck and can assure them that their efforts at S.H.S. will not be forgotten.

Mustang Spirit Boosters

The 1971 Mustang football season was filled with weeks of frustration and determination as Sahuarita completed their 10-game schedule with a record of 2-8. The team went down fighting in four games, losing each by less than a touchdown. Comments at the season's end were that next year the Mustangs will have some JV's coming up and should stand a better chance against the more powerful teams. Only time, practice and another season will tell for sure.

Come on pal, we can't win that way

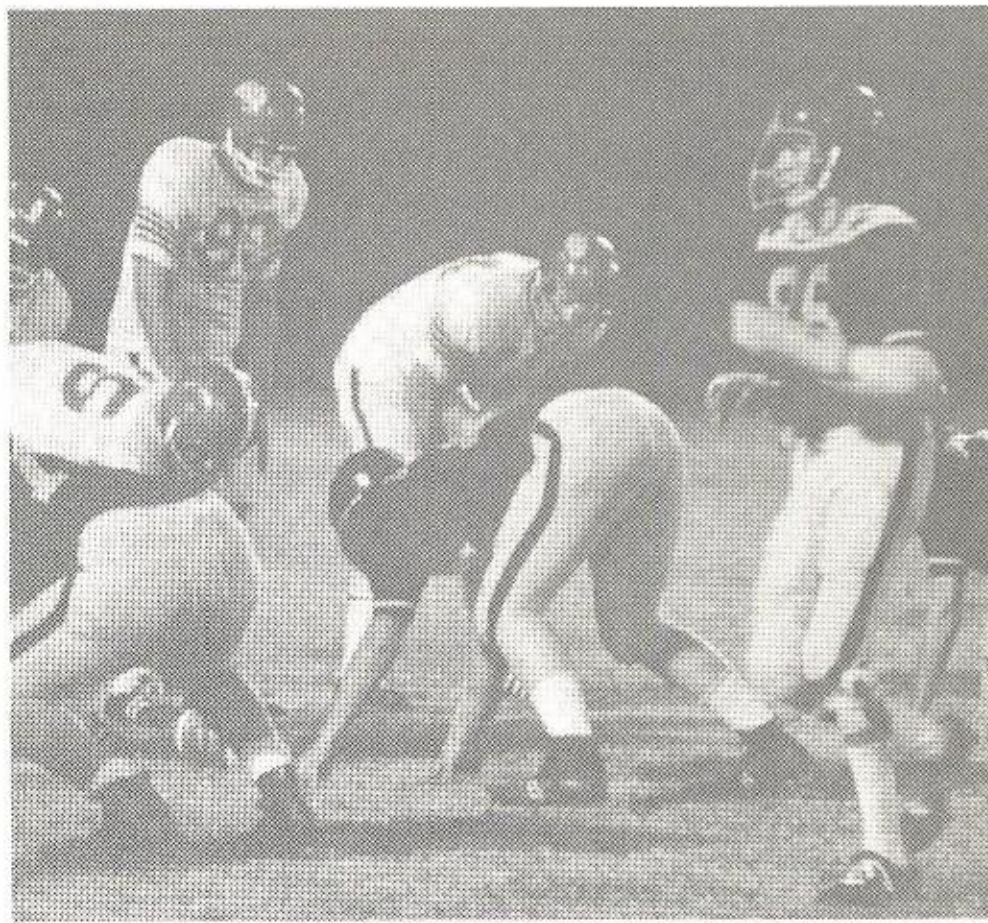

Hey, hey. None of that!

This year's J.V. football team, coached by Mr. Gose and Mr. Christensen, managed to gain victories in about half the games they played. Small, but fast, the team showed the spirit and ability needed for a winning football team. Under the leadership of captains Javier Blanco and Jay Elam, the team showed great improvement over last year's record and promises a fine season next year.

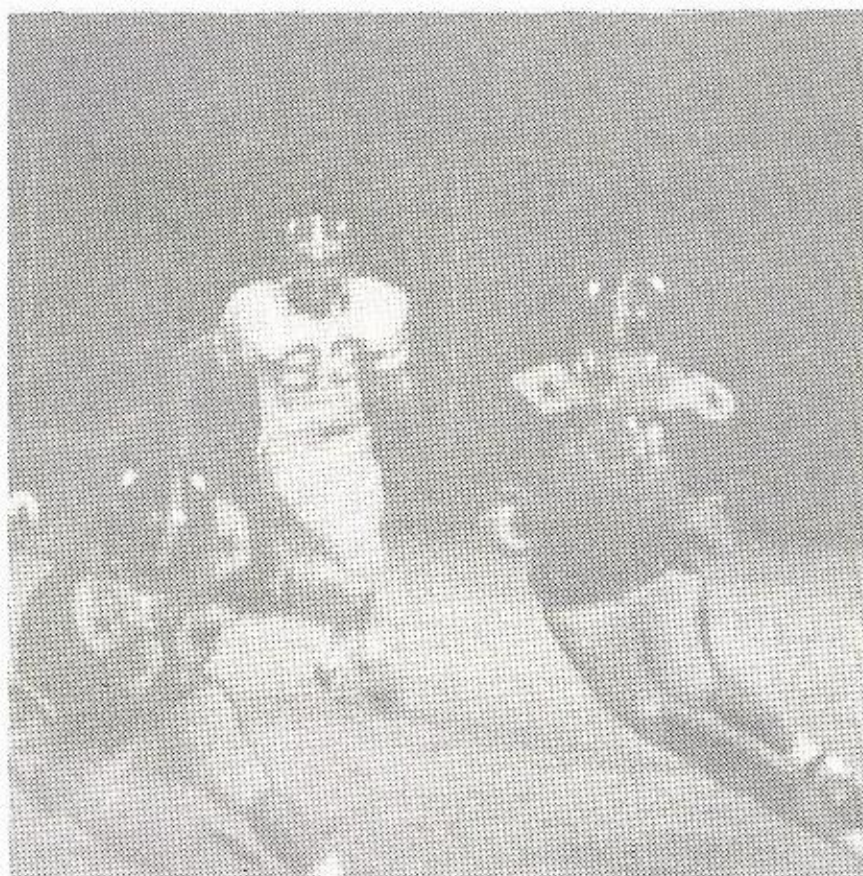

What a mess!

Students could now participate in sports in the gym, attend club meetings, study in the library, or just lounge around in the Multi-purpose building. Credit for the change is due largely to Student Council, who also purchased the Coke machine and the Juke Box.

Left to right: Charlie Scott, Billy Bell, Brett McGee, Del Rickgauer, Jim Holladay, Jay Elam, Mark Davis, Scotty Fox, Jim Herde, Mike Simons, Craig Tate, Nick Olvera, Stirling Hart, Ed Pasanen, Jerry Hanneman, George Taylor, Greg Kring, Mark Wyland, Manny Oros, Kurt Meinhausen, Jack Walls, Chris Wootan.

OK boys, let's win!

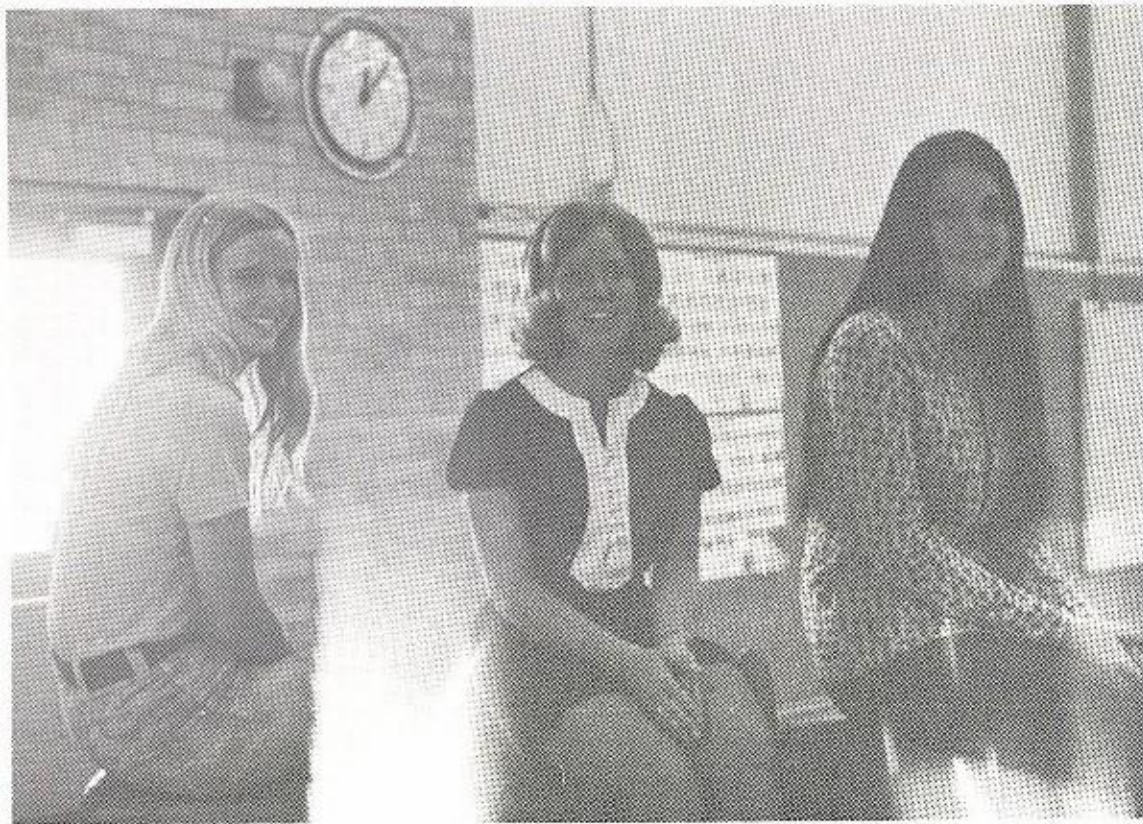

One, two, three, Lift!

Lettermen dogpile

The Lettermen were busy all year with their involvement in football, basketball, baseball, track, and golf. The Lettermen were led by these officers: Chris Wootan, President; Jack Walls, V.P.; and Kurt Meinhausen, Secretary-Treasurer.

Paige Parker, Vice President; Roxana Rickgauer, Historian; Debbie Lynn, President

Now simmer down girls

The G.A.A. club started a different kind of competition this year. Instead of competing only against other schools, they competed intramurally, with other girls in the G.A.A. club. They participated in basketball, volleyball, swimming, tennis, and other sports.

The Sahuarita Sweeties

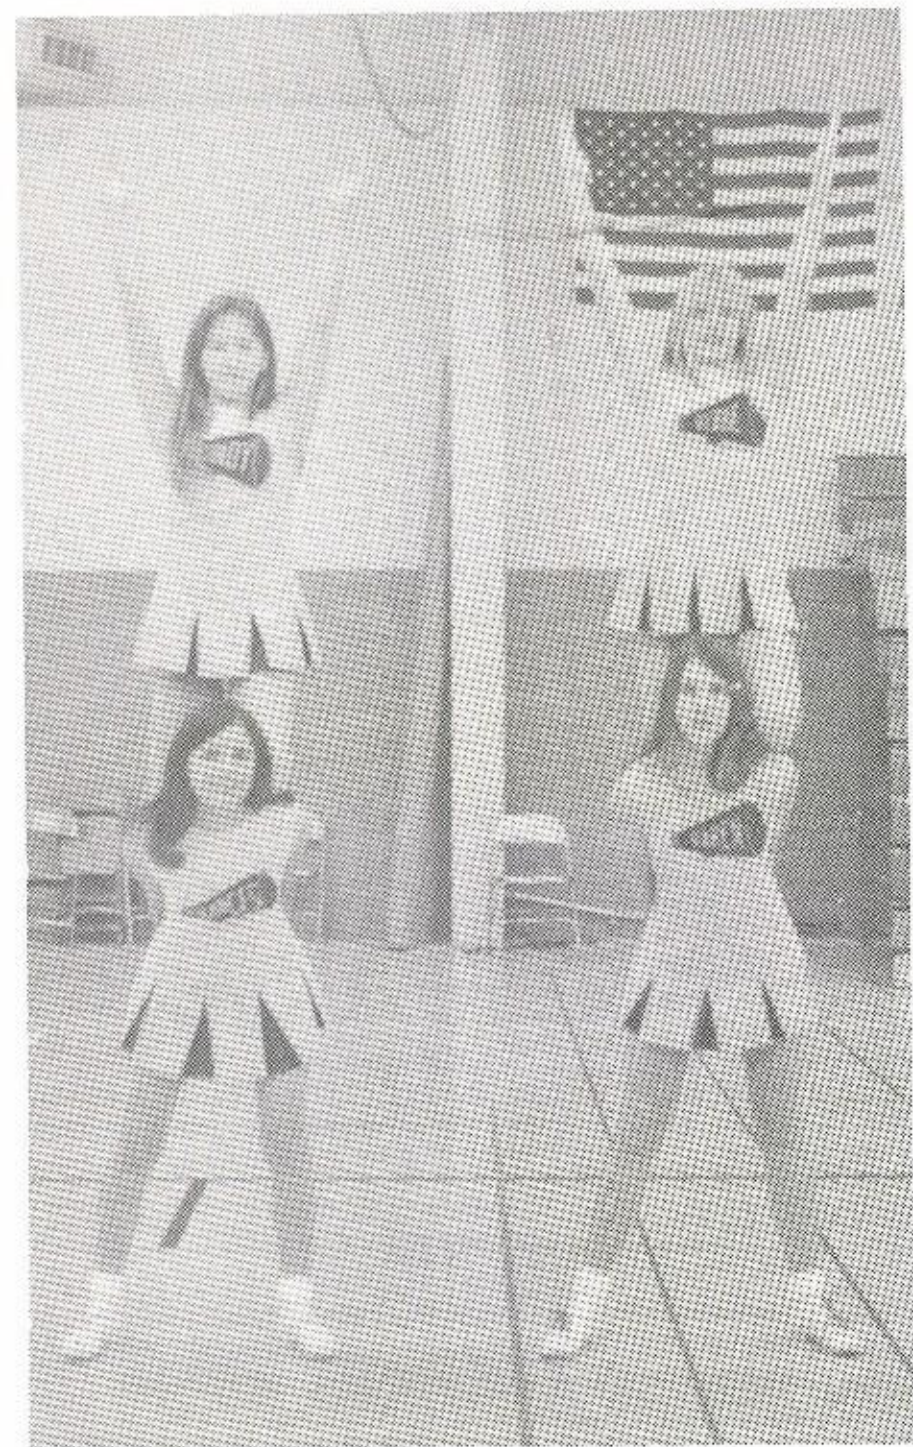

All for Sahuarita stand up and say so!

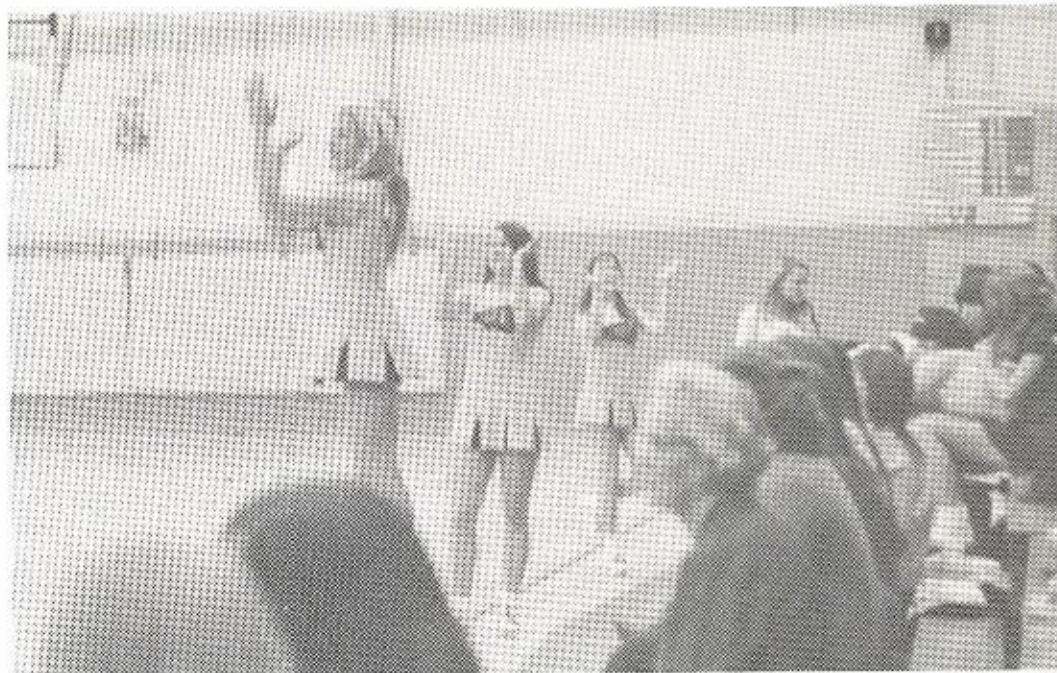

Mass cheer: Mustangs are outasite!

The Varsity and J. V. cheerleading squads showed great ability, enthusiasm, and pep this year. With work and determination they did their best to raise "Mustang Pride" while cheering on the teams they love. A cheerleader's job is to keep a smile on her face and the crowd's spirit high, win or lose. The S. H. S. cheerleaders showed how to do it!

Computerized cheerleaders of the future

Hurry--I can't hold it much longer!

Confucious say...cheerleaders are great!

Poms and Twirlers-

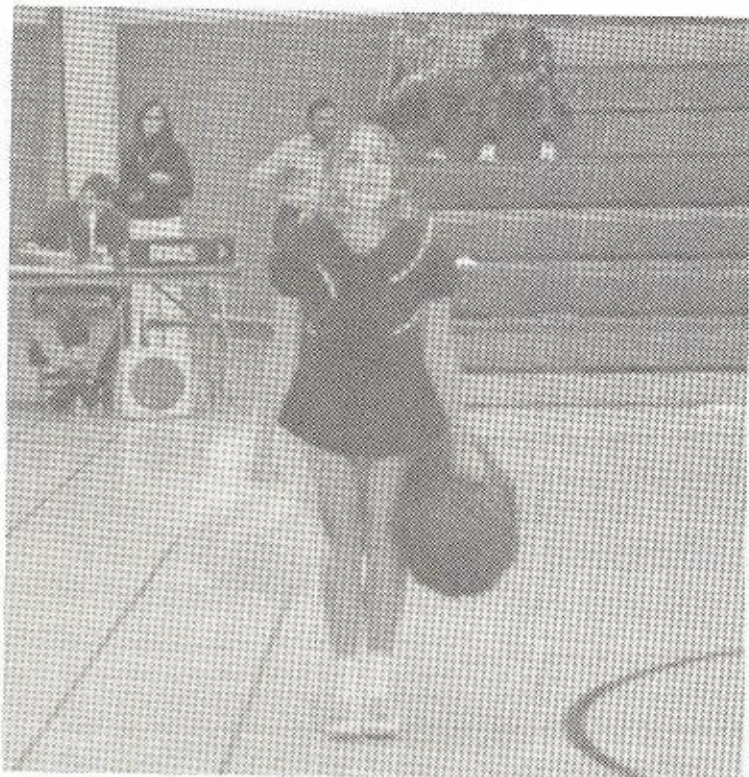

From top left: Jill Black, Norma Coile, Linda Whitton, Wendy Constantine, Loretta Casey, Maxine Harris, Theresa Staggs, Maria Gonzales, Linda Simpson

Don't move, the camera just ran out of film!

Hey, they're all together

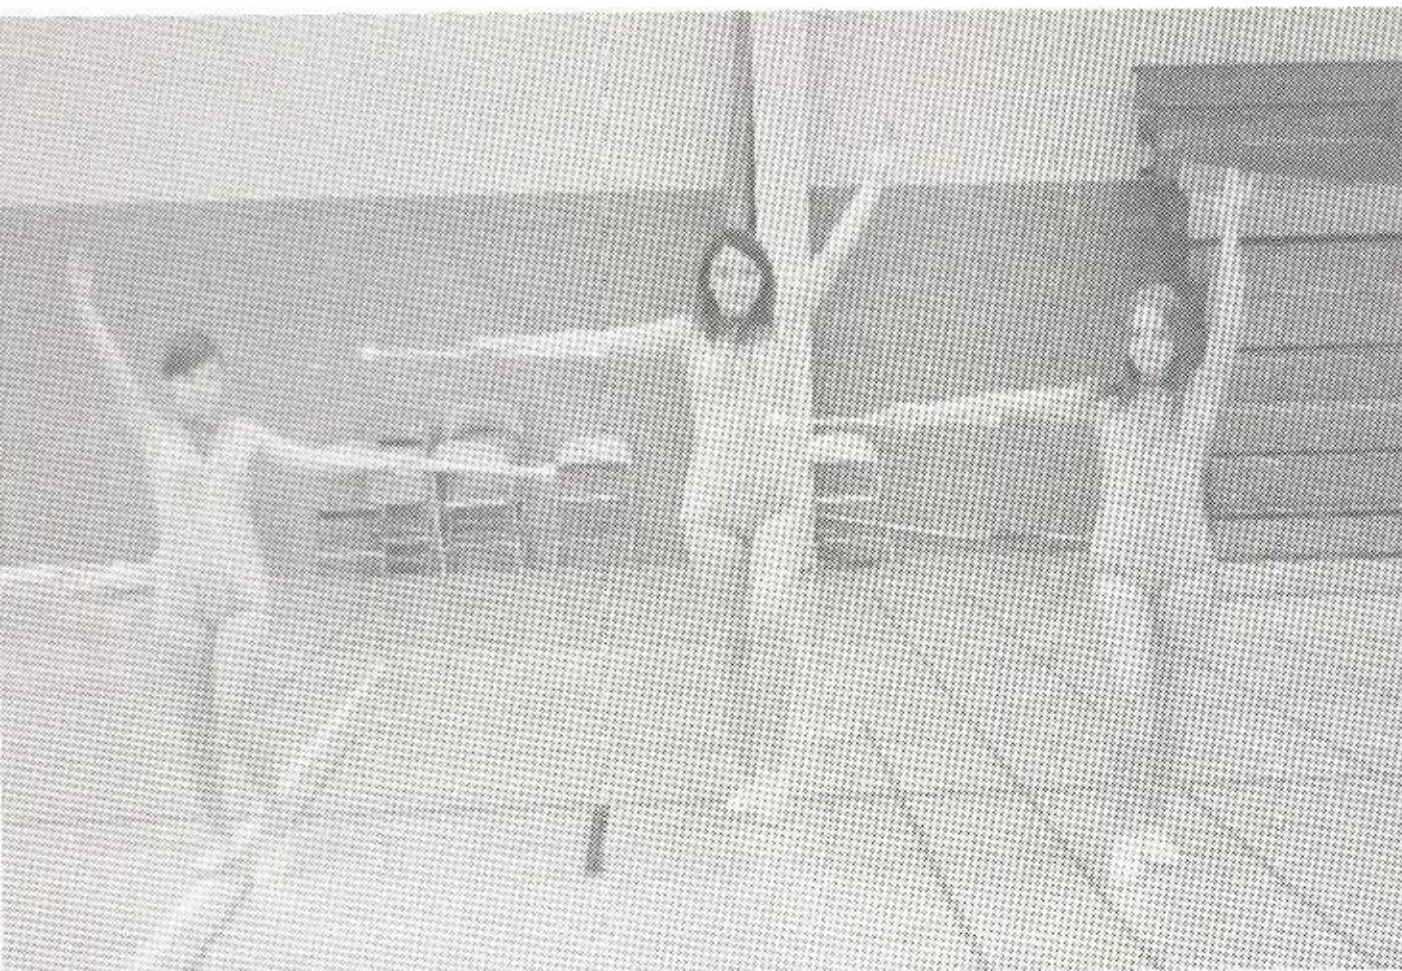

Smile!

The nine girls on this year's pom line were all new, and had to learn from experience as they went along. Under the leadership of co-captains Linda Simpson and Jill Black, the poms worked hard to make up new routines and to get all nine together. The year was often disappointing for the girls, but they improved greatly and gained the experience they needed to perform successfully.

Everybody loves a twirler

"Fight Sahuarita Mustangs, for your honor true..."

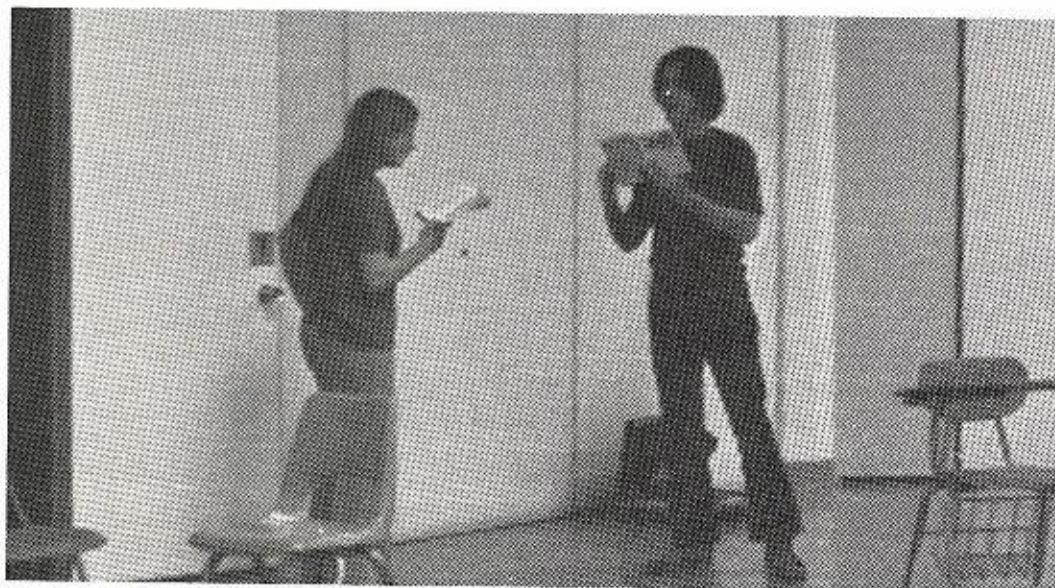

Hold that pose

I think I'll throw it at that person over there

No matter what you may think, it takes lots of work, creativity, and nerve to be a twirler. Valerie Boone, Gail Gray, and Kathy Gates combined all three as they performed at games, pep rallies, and parades.

Drama Club Members Develop Acting Abilities

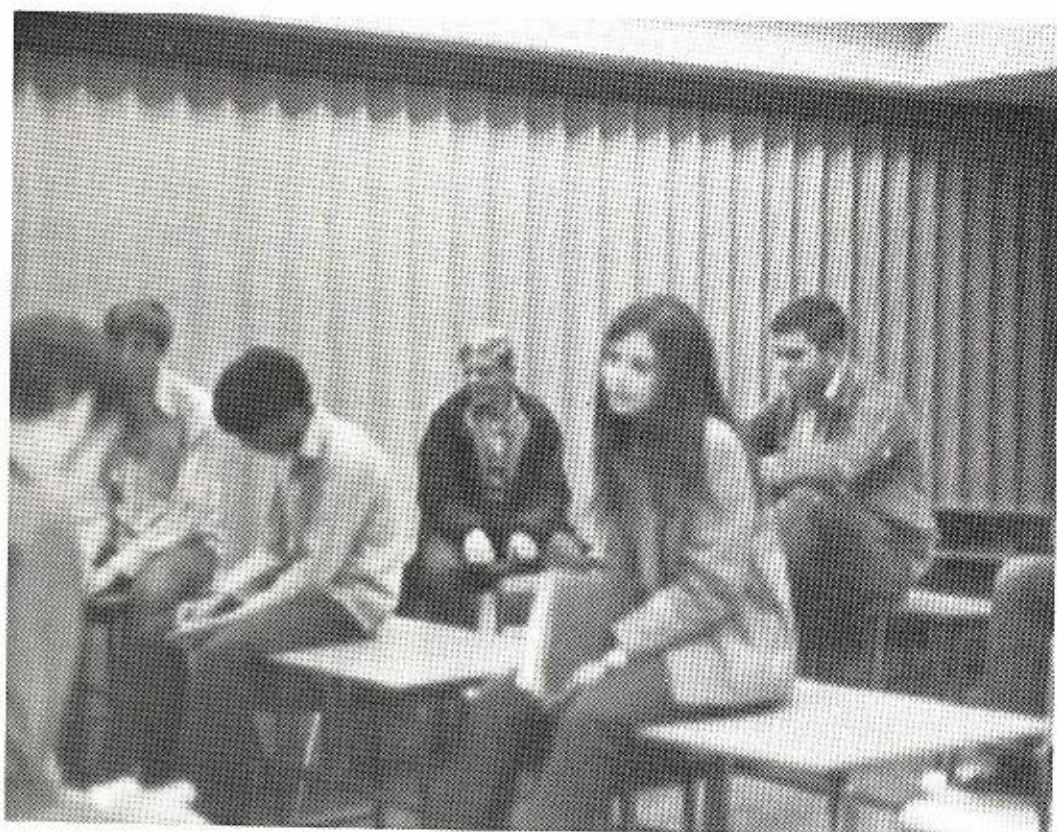

"Juliet!"

Due to a lack of a sponsor, there almost wasn't a Drama Club this year. But the many enthusiastic students involved found an outside-of-school sponsor, Mr. Burroughs. They started production of a play, "The Glass Menagerie," with many people acting, working on lights, make-up, and making scenery.

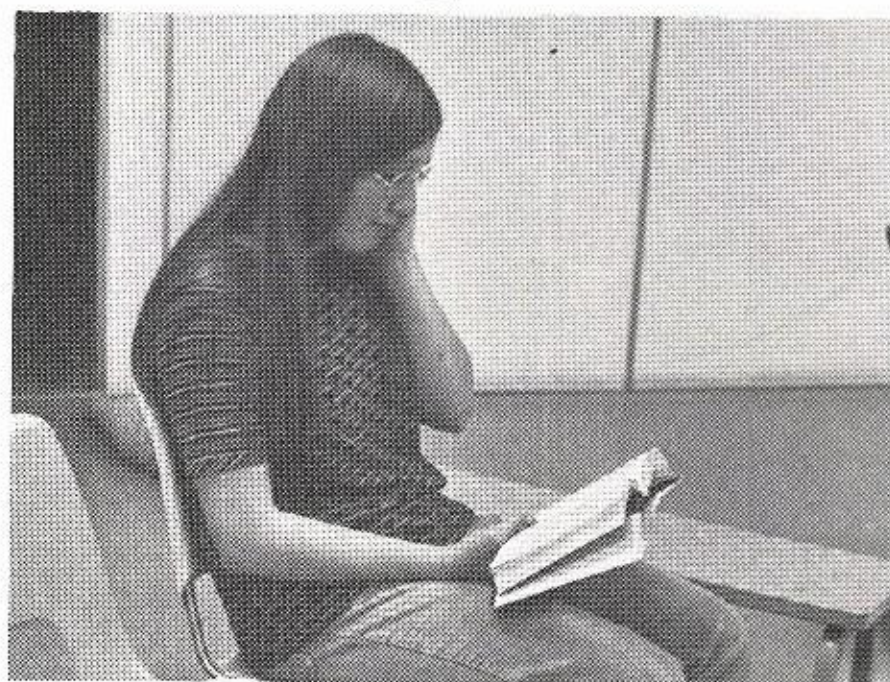

The critics

Pep club sure looks peppy.

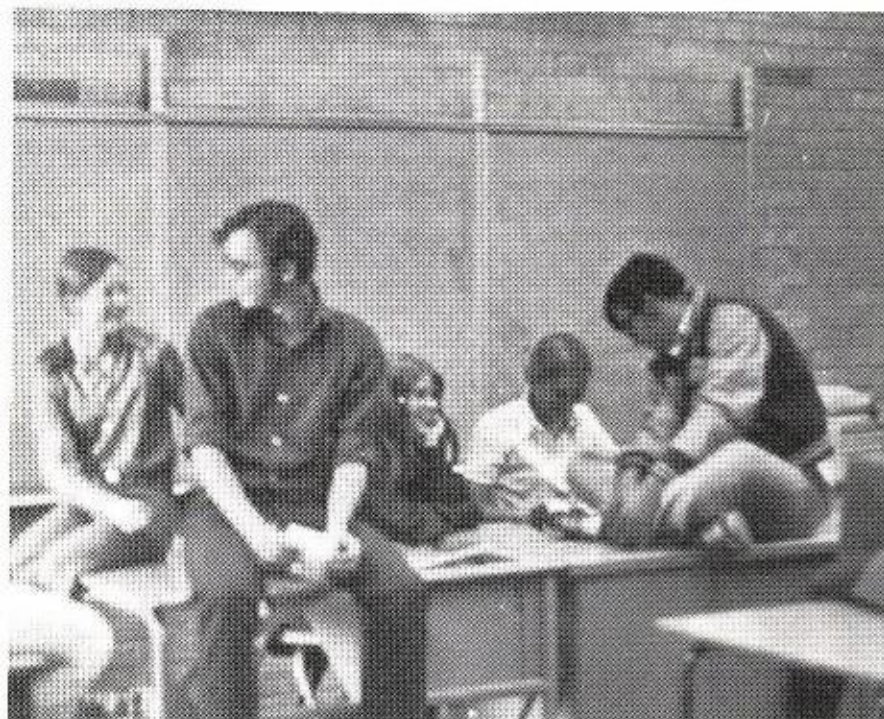

Memorizing your lines?

Oh my goodness!

Pep Club Helps Spirit Grow at SHS

The Pep Club was a new club formed in the middle of the year to encourage more school spirit and team support. The officers were Stirling Hart, President; and Paige Parker, V.P.

The excitement grows

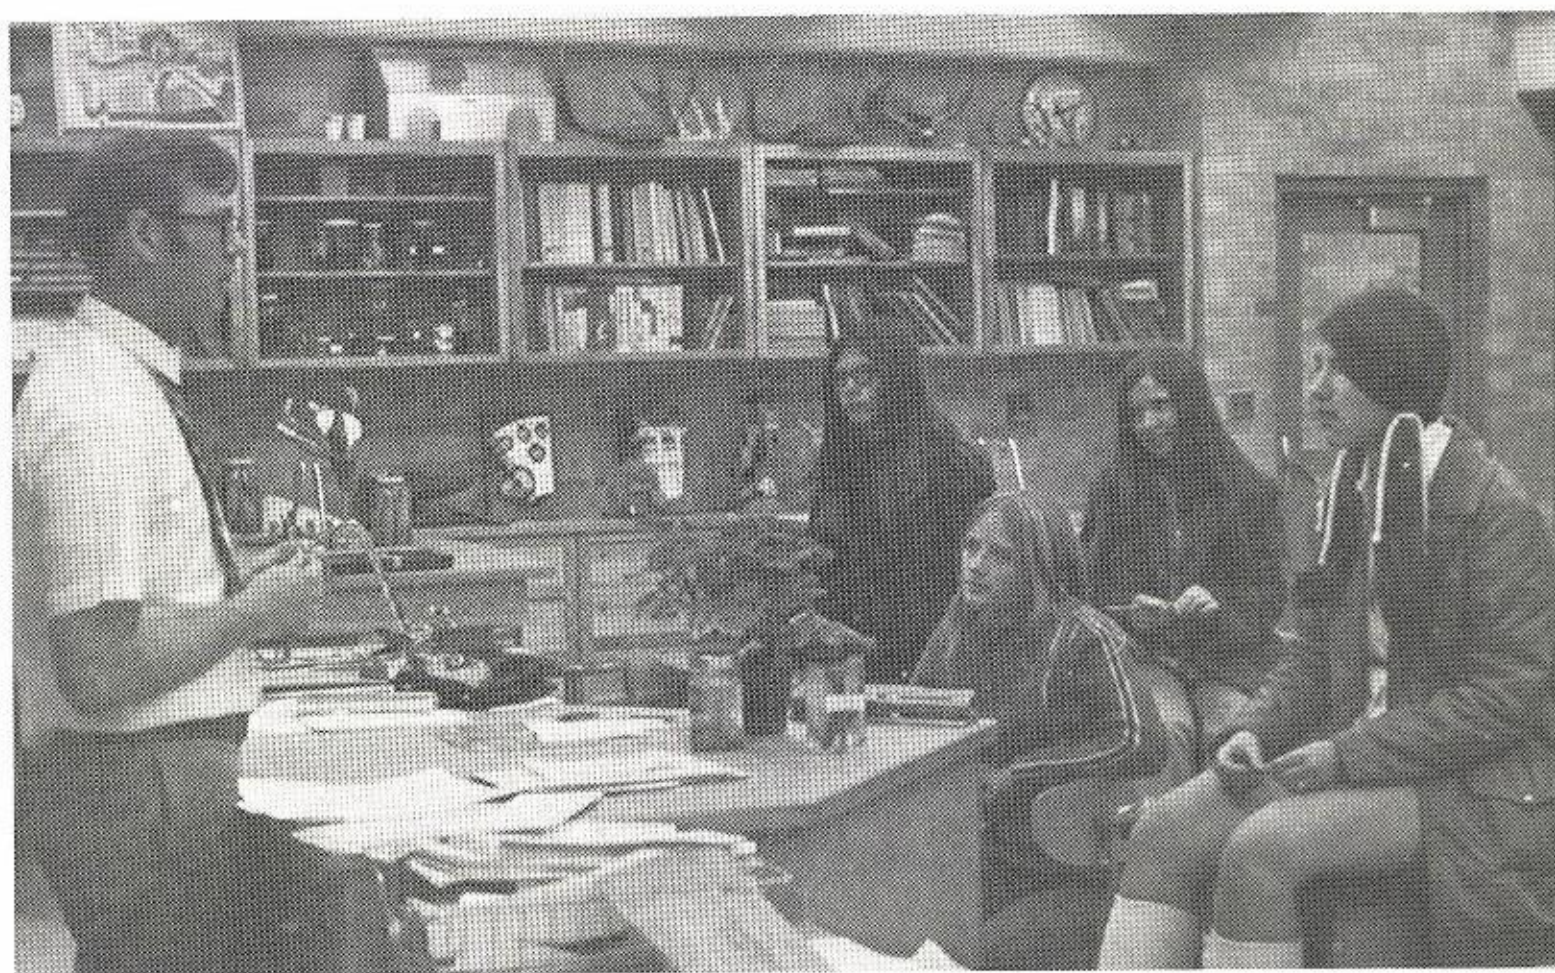

F.H.A. Girls Improve Homemaking Skills

The Future Homemakers of America are sponsored by Mrs. Miller. The 71-72 club members were led by President Bridget Carrasco and Vice President Brenda Depper. The girls in this club practice the important skills of keeping a house and making a home.

From left to right: Adah Leah Wolf, Bridget Carrasco, Sandy Gates, Brenda Depper, Debbie Honnas, Cathy Sanders, Sherry Viele, and Elsie Begaye.

Science Sponsor Finally Finds a Club!

The Science Club, sponsored by Mr. Christensen, finally got going around the middle of the year, and had quite a few members. They were: Nancy Gray, Gail Gray, Jennifer Tougas, Janet James, Una Parker, and Vicki Arrington.

Mr. Christensen's fan club members enjoy the view!

*“If a Man Hears the Beat of a Different Drummer,
Let Him Step to the Music He Hears”*

Here comes the Marching Mustang Mob!

Oh, oh, where's the rest of the band?

It's a long hot wait

Guess who?

Left, right, left. . .

The S.H.S. band was very busy again this year. It performed at home football games; marched in Green Valley parades and the Rodeo Parade; went to Band Day at the U of A.; and gave Christmas and Spring concerts. The Stage Band, featuring Melanie on electric guitar, played at some home basketball games. The Sahuarita band really has a lot going for it, considering its small size.

WHOOPS!!

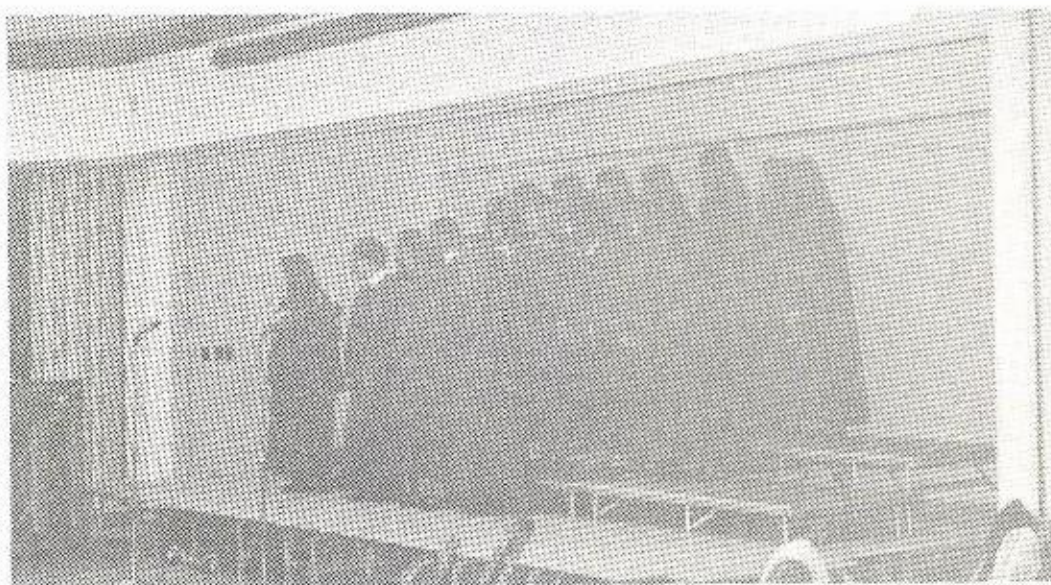

Mr. Webb is happy that the concert is over

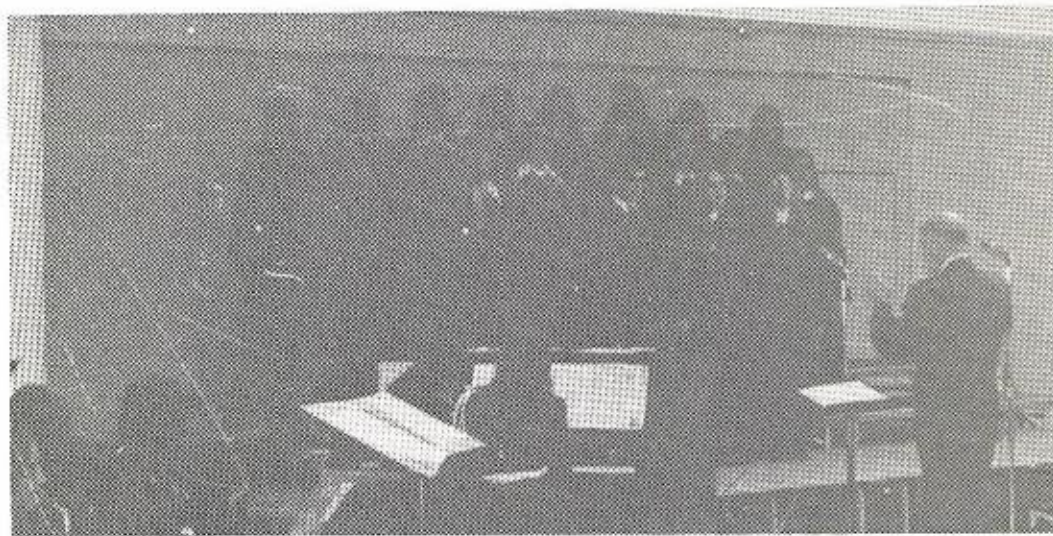

Chorus Leads Christmas Carols at Concert

C'mon everybody and sing along

It seems we had camera trouble again

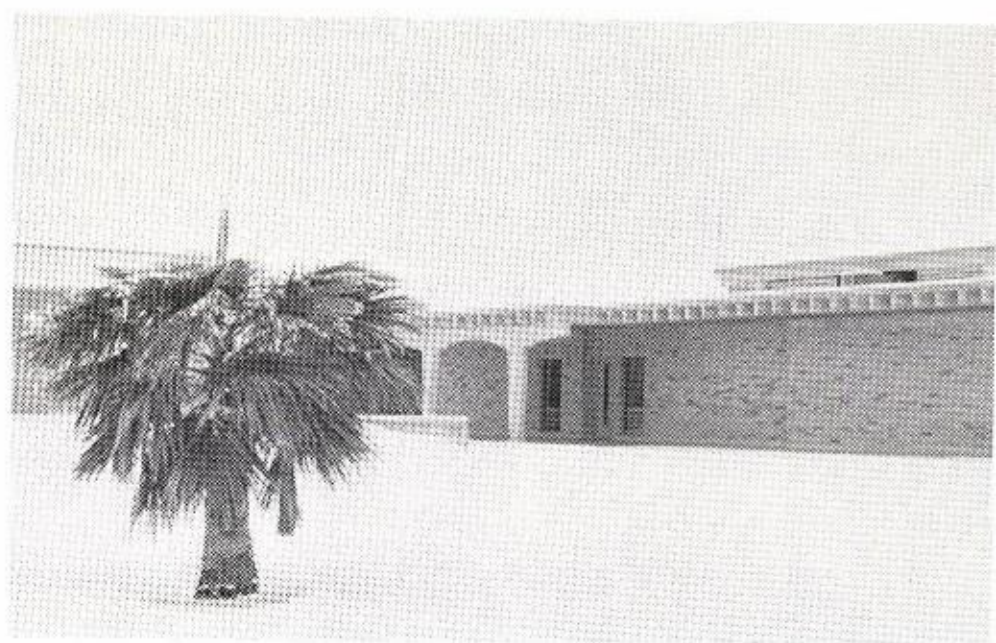

"Do you hear what I hear. . . "

The Chorus performed at concerts and spent many hours practicing. Once again, the chorus was almost entirely composed of girls. But fortunately, there were a couple of brave males whose voices helped to balance the chorus' sound.

the future is rapidly becoming the present . . . and what are we going to do in the year 2000 when, it's predicted, our nation's population may have increased to nearly four hundred million.

How are we going to feed all these people? Where are we going to put them? It adds up to a big problem.

We of America's nearly 1,000 rural electric systems know that any workable solution to the problem depends on ample electric power at reasonable cost. We provide that power in most of rural America . . . and, as a small but vigorous part of the over-all electric industry, we'll help provide *all* America with the power it takes to feed, clothe, and house *all* Americans.

It's a monumental job, and there's no time to waste getting on with it. It's later than we think.
